

Role: Associate – Business Consulting

Base Location: Dusseldorf / Frankfurt / Stuttgart / Munich

If you are driven and committed with strong team ethic, ready to challenge and be challenged then **Infosys Germany Graduate Hiring Program** is for you!

As an Associate, you will work on exciting projects with some of the largest companies in the world. You'll be designing, building and supporting innovative technical solutions for our clients, you'll have opportunities to explore & achieve the most effective results, working in a collaborative global environment.

We provide a technical career path with the opportunity to be 'hands-on' and get involved in code and design. We value lifelong learning, creative thinking and foster an entrepreneurial culture. Come amplify your potential and become your very best.

Infosys is looking to hire new members in their growing team in Germany who would be potential managers/ leaders to lead the projects right from Solution Consulting phases to Service implementation phases as a business consultant or IT consultant to realize digital transformation for clients based on Infosys global business knowledge and expertise.

Basic:

Bachelor's Degree or equivalent – preferred majors in Business Administration, Management Information Systems, Economics, or other related majors that provide foundational knowledge in Business Consulting.

Responsibility:

- Lead the engagement effort at different stages from requirements gathering to business analysis, high level design, development/configuration, testing and deployment.
- Contribute to business unit and organizational level initiatives with the objective of providing high quality and value-added consulting solutions to customers WITHIN the guidelines, policies and norms of Infosys Limited.
- Work with client, offshore, and onsite teams as a part of the project.
- Analysing the key problems faced by the client and design a solution to address client problems with required level of documentation.

Key Skills Required:

- Individuals with key interests in Business/IT Consulting, Solution Delivery domains,
- Individuals with key interests in building career in new Technology Platforms such as Artificial Intelligence, Automation, Block Chain etc.
- Excellent communication / presentation / verbal and written communication skills.
- Should be able to drive customer discussions independently and act as trusted advisor.
- Should have good adaptability for an engagement and work in an onsite-offshore team environment - sharing ideas and working collaboratively.
- Strong organizational and analytical skills,
- Strong ability to take bottom line responsibility,
- Self-starter.
- Fluent in German and English

This position may require travel and/or relocation.

Applicants for employment in Europe should possess work authorisation which does not require sponsorship by the employer, as we are unable to sponsor work visas at this time.
